Commentary for June 12, 2008 — Long Tomb Presentation & Temple/Tomb

Two speaking engagements have been arranged in the Portland, Oregon area for June. The two speaking dates are **Saturday, June 21**, and **Sunday, June 29, 2008**. Both speaking opportunities will be open to the public.

David's Tomb Presentation — June 21, 2008

I again have been invited to deliver a visual presentation and lecture to the local Portland congregation of the Church of God (Seventh Day). This will be my second lecture to this group. In Part 1 of the extended two part lecture, I presented Dr. Ernest L. Martin's evidence of the correct site of the Jewish Temples above and west of the Gihon Springs.

This next lecture is Part 2 about the location and future discovery of King David's Tomb. Of course, the location of King David's Tomb has a direct relationship to the correct site of the Temple. The evidence is clear; the Tombs are close to the correct Temple location. Once you know the site of the Temple, locating David's Tomb is a straightforward exercise, if you follow the clear historical evidence.

"THE LOCATION AND FUTURE DISCOVERY OF KING DAVID'S TOMB"

PUBLIC LECTURE ~ FREE

SATURDAY, JUNE 21, 2008

6:00 P.M.

**CHURCH OF GOD (SEVENTH DAY)
11134 NE SACRAMENTO STREET
PORTLAND, OREGON**

(503) 254-1177

[Click here for Yahoo map link](#)

The material presented will be based on the research of Dr. Martin's Temple location and the work of Gary Arvidson regarding the Tomb of David. I add my own research findings to give a complete presentation as to the location and future discovery of the world's greatest archaeological find. Marvelous things are in the unopened tomb chambers.

It will be my most complete lecture yet on King David's Tomb, with adequate time to present ALL the evidence and respond to all audience questions. If you are familiar with Dr. Martin's Temple evidence through the ASK website or through his book *The Temples that Jerusalem Forgot*, this lecture will be a capstone of information. The response was excellent for Part 1 last March and this presentation will be even more compelling.

Temple and Tomb Presentation — June 29, 2008 — Beaverton, OR

The following week I scheduled a room at the Beaverton Public Library to give a 2-part combined presentation of both the Temple and Tomb information.

Part 1 will show Dr. Ernest L. Martin's Temple information, that the proper location of the Jewish Temples in Jerusalem was above and west of the Gihon Springs. The proper location was south of the false "Temple Mount" (the Haram esh-Sharif), which is the present site of the golden Dome of the Rock and the al-Aqsa Mosque. That is Part 1 of the lecture.

Beaverton Public Library

"The Jerusalem Temples and the Future Discovery of King David's Tomb"

Public Lecture ~ Free

Sunday, June 29, 2008

12:30 p.m. to 2:30 p.m.

(2 hours)

**Beaverton Public Library,
12375 SW 5th St., Conference Room**

Beaverton, Oregon

(503) 644-2197 (for directions)

Part 2 will show the location and future discovery of the Tombs of the Jewish Kings David and Solomon. These Tombs are in close proximity to the correct Temple location. Dr. Martin's Temple research gives vital clues to the location of the Tombs at Jerusalem. Historical and biblical sources indicate clearly that the bodies of King David, Solomon, and possibly others are in the Tombs. It is believed that the Tombs are intact and will yield more important information and documents than any ancient tomb, including the Tomb of King Tutankhamen.

Beaverton is a nearby western suburb to Portland, Oregon, where the ASK offices are located. This event is open to the general public, of course, due to free use of the public library facility. The library is a large 2-story structure, facing south, in a residential area. Those interested in this Temple/Tomb presentation could easily travel from Vancouver, Washington or from Salem, Oregon. Directions and a map to the Beaverton Library can be found at:

http://www.beavertonlibrary.org/aboutlibrary/hours_location.html#map.

Other Venues?

A reminder: in November 2008, God willing, I plan to be in Providence, Rhode Island and Boston, Massachusetts to attend professional conferences. I would be pleased to meet with anyone interested in discussing any matters relating to the Bible, history, or anything on the ASK website. If there is a group, I can give a presentation.

If YOU have a group, large or small, that would benefit from this fascinating information regarding the Jewish Temple, the Tombs of King David and Solomon, or any other biblical and historical teaching on the ASK website, please contact me and we can arrange a meeting. Expenses must be provided (which is normal), but when my schedule allows I am pleased to travel to present this vital information from God's Word and history.
