Dear Associates and Friends,

May 2019

“[The Coming Revolution in Knowledge](#)” is the article for May. It addresses the changes that will occur in the world as God makes His presence known to the world and to His people Israel. He will do so through miraculous acts of salvation that the world will not deny, but they will say to themselves and to each other, “*God exists. Now what do we do? How then should we live?*” The same situation will occur to the people of Israel, and particularly those in the city of Jerusalem. The “coming revolution” will begin from there, and its impact will be powerful and widespread, even to encompass most all people on the globe.

ASK has several articles that mention this subject, as well as Commentaries that deal with various aspects of this coming knowledge revolution:

[“Restitution of All Things, What to Expect”](#)

[“Restitution and the Temple”](#)

[“Changes and the Knowledge Revolution”](#)

[“New Songs Coming”](#)

Other articles deal peripherally with this subject from a somewhat different perspective, “[The Two Witnesses, Who Are They?](#)” One of the witnesses is likely the subject of another article, “[The Elijah to Come.](#)” Two other articles related to the restitution or restoration are: “[The Land of Israel in Prophecy](#)” and “[The Prophesied State of Palestine.](#)”

Finally, if you want a move-by-move account of the antichrist’s armies from the gathering place in the Valley of Jezreel (Har-Megiddo, or Armageddon) on their march toward Jerusalem and Christ’s intervention (with maps), reread Dr. Martin’s article “[New Prophetic Discoveries Concerning the End Time.](#)” It is interesting that geographic location names well-known in the Bible are unsullied by tradition and are easily determined even today. They form a stated series of movements from the north of Israel through Judah to Jerusalem.

Another part of the restitution of all things will be ongoing discoveries that find “God’s footprints” in all science disciplines from the micro to the macro levels of all creation. My October 2004 Commentary, “[Big News in Science](#)” discussed how science is bumping into evidence of God’s hand in creation, which was acknowledged by all scientists until the beginnings of the Age of Enlightenment and skepticism in the 1700s. Very interesting discoveries will force science to begin to acknowledge God even when they do not want to do so. They will come to recognize that the apostle Paul in Romans 1:18–32 fully set out the dilemma of the wise and their reasons for their denying God’s existence and mankind’s responsibility to their God.

In my July 2013 Commentary “[Apocalyptic Nightmares](#)” I asked the question:

“*The Time of the End, How Will We Recognize It?*”

We will know ... definitely, we will know. Let me give an analogy. Think about a fireworks show. At the end, there is a finale of fireworks. The finale of a fireworks display happens within a short time, while the number of fireworks going off is greatly increased, sometimes the number of fireworks per minute is multiplied. Consider how impressive a finale would be if the fireworks rate per minute was 100 times the norm?

God has put on such a display. At Mount Sinai the Israelites were stunned and terrified when YHWH came down upon the mountain to demonstrate His power and majesty.”

Then I quote Exodus 19:17–20 where you read what happens when YHWH reveals His presence. No one was hurt in that display of power, but people will die when Christ returns in YHWH’s name to punish mankind.

We are also close to a time when, as the apostle Peter tells us:

“Knowing this first, that there shall come in the last days scoffers, walking after their own lusts, And saying, ‘Where is the promise of his coming? for since the fathers [the Old Testament fathers] fell asleep, all things continue as they were from the beginning of the creation.”

• **2 Peter 3:3–4**

We will participate indirectly in the restitution of all things. I think we already know a vast amount of what will be restored and refreshed, but gaps and details will be filled in for us, like viewing a more complete puzzle with more pieces than before. It is others who need to be educated. Certainly the pinnacle teachings of God and Christ given in the Mystery by the apostle Paul, those will be things we must try to teach to the converted Jews after they acknowledge Jesus as their resurrected Messiah — if they listen. Note the December 2002 Commentary (written by Dr. Martin originally in 1997), “[Increased Knowledge in the End Times](#)”:

“So you see, God, at the end of the age brings out the new things for you and me to be able to see. This is where the Bible comes in as well. Not only are we able to see scientific things that are important relative to the Biblical revelation but we are also able to see doctrinal matters clearer. We are able to see prophetic matters clearer. That is why I can, with all of the things put together in a way where we can understand it, say that these prophecies [of Malachi] are talking about modern times.”

New Map for “[How the Siege of Titus Locates the Temple Mount in the City of David](#)”

After ASK published her article in March 2019, author Marilyn Sams and Timothy Parrott (a co-developer of the ASK “[ELM Timeline Project](#)”) worked on a new map to replace the one on page 9 of Ms. Sams’ article. It is now easier to read, the map and text are larger on a full page, with details easily recognizable. I thought it to be an excellent idea when we discussed it, and we are all pleased with the result. It helps the reader to better follow more precisely the narrative of the siege.¹

The map reflects the understanding of Marilyn Sams’ work which differs in some details from Dr. Martin’s reading of various texts as shown in ASK representations. Such differences are common between scholars and they keep research active and interesting. It also provokes more discussions to allow more accurate information to come forward as we strive to understand correctly the Holy Scriptures and history.

Thank You

God is doing His work through His Son Christ Jesus and through Christ’s body, the *ekklesia*. We as part of that *ekklesia* have a role to perform as we approach and enter the End Times. So too, the Jews (Israel) who will come to believe in the Messiahship of Jesus also have a tremendous role in God’s plan, as we all work to give the truth to all those who believe. All those helping ASK have a role in God’s restitution and refreshing of the truth. We do so by presenting serious biblical information to the world.

Thank you for your encouragement and financial support for us to keep teaching the Gospel of Christ Jesus to the world. May God bless you in all ways.

¹ In a similar fashion the charts and maps of events leading to Christ’s crucifixion in Charts TL-1i, -1j, -1k1, and -1k2 of the “[ELM Timeline Project](#)” accomplish the same goal and are enlightening. They permit you to follow the events of Christ’s final day, through to His resurrection in Matthew 26:1–28:20; Mark 14:1–16:20; Luke 22:1–24:53; and John 12:12–21:25.
